VEGETABLE COMPOUND Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact, not a mere boast. & . Women

HAVE BEEN RESTORED TO HEALTH BY

LYDIA E. PINKHAM'S

500.000 WOMEN

Overshadowing, indeed, is the success of Mrs. Pink-ham's medicine. Compared with it all other medicines for women are experiments.

must take into consideration this great

and unequalled record & & & & & &

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine so good for woman's ills.

These important facts when you ask for a bottle of Lydia E. Pinkham's Vegetable Compound at your druggist's: If the clerk asks you to take "something else," telling you that it is "just as good" or "much better" - to be better, it must have cured more than 500,000 women; to be as good, it must have cured as many as 500,000 women - let him produce his proof! Such a thing is impossible. The medicine he offers you is only an experiment. All he knows about it is that he can make a little more profit on it than he can on what you want.

Don't let druggists experiment on you. Demand the medicine that you know is all right, that has no equal, that backs all its statements with positive proof. When you know that no other medicine in the world exclusively for women has received such unqualified endorsement, is it wise to let a dealer persuade you to buy something else which he says is "just as good," and all you have in proof is his say-so?

Wise is the woman who insists upon having Lydia E. Pinkham's Vegetable Compound
